

SAG Fish and Aquatic Invertebrates Recommended Classification

Species	Common Name	P 1	R 2	W 3	NR 4	ii 5	SAG Final Recommended Classification	SAG comments (bold is recommended , <i>italics are comments from DNR staff</i>) ⁶	Council Recommendation 10-17-07
¹ number of prohibited votes, ² number of restricted votes, ³ number of watch votes, ⁴ number of non-restricted votes, ⁵ number of insufficient information, ⁶ part of the recommendation, the non-bold text comment from the group									
Fish & Aquatic Invertebrates									
SAG members: Myron Kebus- DATCP, John Lyons- DNR/SS, Jake Vanderzanden- UW, Center for Limnology, Dave Gollon- aquaculture industry, Dave Robinson- bait industry, Kevin Kohen- aquarium industry, Jim Brakken- Conservation Congress, Bill Mattes- GLIFWC, Phil Moy- Sea Grant, Pam Thiel- USFWS, Mark Maricque- commercial fishing. Meeting date: 8-27-07. Facilitator: Bob Korth. Participants: John Lyons, Tim Gollon (representing Dave Gollon), Dan Hilger (representing Dave Robinson), Kevin Kohen, Jim Brakken, Phil Moy, Mark Maricque, Ron Martin (DNR), Bill									
Hemimysis anomala	bloody shrimp	7					PROHIBITED	The aquatic invertebrates were considered as a block for inclusion in the prohibited category. The decision was unanimous to include all the aquatic invertebrates in the prohibited category with the exception of rusty crayfish. Evaluation forms were not filled out for the individual species that were included in the prohibited category.	PROHIBITED
Dreissena polymorpha	zebra mussel	7					RESTRICTED	The SAG members included zebra mussels in the prohibited category with the rest of the aquatic invertebrates. In subsequent discussions of DNR staff with the Division Administrators, the decision was made to put this species in the restricted category because it is already widespread in over 100 Wisconsin waters.	RESTRICTED
Dreissena rostriformis bugensis	quagga mussel	7					PROHIBITED		PROHIBITED
Cipangopaludina chinensis	Chinese mystery snail	7					RESTRICTED	The Chinese mystery snail was changed from prohibited to restricted after the Council meeting since it is already widely distributed in Wisconsin waters.	PROHIBITED
								The Japanese mystery snail was deleted since it is the same species as the Chinese mystery snail.	PROHIBITED
Bythotrephes cederstroemi	spiny water flea	7					PROHIBITED		PROHIBITED
Cercopagus pengoi	Fishhook water flea	7					PROHIBITED		PROHIBITED
Corbicula flaminea	Asian clam	7					PROHIBITED		PROHIBITED
Eriocheir sinensis	Chinese mitten crab	7					PROHIBITED		PROHIBITED
Potamopyrgus antipodarum	New Zealand mud snail	7					PROHIBITED		PROHIBITED
Daphnia lumholtzi	Water flea	7					PROHIBITED		PROHIBITED
Orconectes rusticus	rusty crayfish	1	5		1		RESTRICTED	Harvesting and transport of live crayfish to markets/resaurants for human consumption would be allowed with a DNR permit. Dead crayfish could be used for bait.	RESTRICTED
Alosa psuedoharengus	alewife	7					PROHIBITED		PROHIBITED

SAG Fish and Aquatic Invertebrates Recommended Classification

<i>Sander lucioperca</i>	zander	7					PROHIBITED		PROHIBITED
<i>Tinca tinca</i>	tench	7					PROHIBITED		PROHIBITED
<i>Sardinus erythrophthalmus</i>	rudd	7					PROHIBITED		PROHIBITED
<i>Osmerus mordax</i>	rainbow smelt	7					PROHIBITED		PROHIBITED
<i>Hyphthalmichthys nobilis</i>	bighead carp	7					PROHIBITED	silver carp and black carp were inadvertently omitted from initial list, but SAG would likely accept classifying them as prohibited	PROHIBITED, others also
<i>Cyprinella lutrensis</i>	red shiner	7					PROHIBITED		PROHIBITED
<i>Neogobius melanostomus</i>	round goby	7					PROHIBITED		PROHIBITED
<i>Gymnocephalus cernuus</i>	ruffe	7					PROHIBITED		PROHIBITED
<i>Channa sp.</i>	snakehead family	7					PROHIBITED		PROHIBITED
<i>Gasterosteus aculeatus</i>	threespine stickleback	7					PROHIBITED		PROHIBITED
<i>Proterorhinus marmoratus</i>	tubenose goby	7					PROHIBITED		PROHIBITED
<i>Morone americana</i>	white perch	7					PROHIBITED		PROHIBITED
<i>Petromyzon marinus</i>	sea lamprey	7					PROHIBITED		PROHIBITED
<i>Thymallus arcticus</i>	arctic char		7				RESTRICTED		RESTRICTED
<i>Gambusia holbrooki</i>	eastern mosquitofish						no consensus	This is a temperate species in the aquarium trade	back to SAG
<i>Gambusia affinis</i>	western mosquitofish						no consensus	This is a temperate species in the aquarium trade	back to SAG
<i>Ctenopharyngodon idella</i>	grass carp						no consensus	The aquaculture industry has asked for the ability to import triploid grass carp. The Department has a current policy of not permitting this.	back to SAG
<i>Salmo salar</i>	Atlantic salmon		7				RESTRICTED		RESTRICTED
